Strength in innovation in a high tech environment

Driving modern product development

Euromold showcases modern product development and new manufacturing technologies. Again in 2017 its focus will be on future topics, guiding the way for the entire process, from idea to final series production, towards digitalization and »Industrie 4.0«. Euromold 2017 will take place again parallel to AIRTEC. 500 exhibitors from 35 nations are expected.
